Introduction

Target group & Applications

CS180 Introduction

The CS180 is distinguished by its rugged and simple design. It's a 1.8 kW machine with 52 mm depth of cut and up to 51 mm channel width. It is to be used with a vacuum cleaner to keep harmful dust to a minimum.

Target Group & Applications

This tool will be very useful for electricians and plumbers. Its large capacity will make it perfect for larger pipes and conduits.

It creates a pair of parallel slots in the work material, and the remainder in the center is then chiseled out, leaving a channel for laying pipes and conduits below flush to the wall.

Sales Arguments

Robust 1.8 kW motor with externally accessible brushes for easy maintenance.

Precise depth control with depth stop and depth scale.

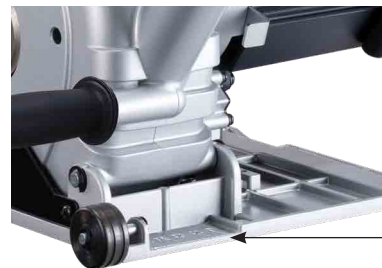

Stable cast aluminum base for accurate cutting.

Spindle lock for easy width adjustment and blade changes.

Upcut blade rotation for push chasing allows the operator to accurately follow the cutting line.

Sighting notches for precise cutting.

Technical Specification

Model	CS180
Power Input	1800 W
No Load Speed	4100 min ⁻¹
Blade Diameter	Ø180 mm
Max Depth of Cut	52 mm
Max Channel Width	51 mm
Depth of Cut control system	With
Soft Start / Overload Protection	With
Thermal Protection	With
Dimensions (LxWxH)	410 x 317 x 267 mm
Blade bore size	22.23 mm
Weight (Without cable and blade)	7.7 kg (16.9 lb)

- 1 Main Handle
- 2 Switch (Lock-Off)
- 3 Motor
- 4 Brush Cover
- 5 Base
- 6 Roller
- 7 Depth Scale
- 8 Depth Stop
- 9 Front Handle
- 10 Arbor Lock
- 11 Vacuum Port
- 12 Sighting Notches

Offer Content

Standard Accessories

- 1 CS180 Wall Chaser
- 2 Spacer Set
- 3 Vacuum Hose End Adaptor
- 4 L-Hex Key M10
- 5 Plastic Carry Case
